

## Operation Guide for Blodgett Electric Convection Oven Mark V

Following these simple instructions will ensure the successful operation of your rental appliance.

Aztec appliances are equipped with Nema #15-50p plugs, and will require you to have a 50 Amp, 250v Nema #15-50r receptacle. Please see photos below:

## Operation of Oven

- 1) Ensure that selector switch (1) is in the OFF (up) position.
- 2) Plug unit into wall receptacle.
- 3) Turn master selector switch to the HIGH FAN (right) or LOW FAN (down) position.
- 4) Press temp key (9) and rotate dial (6) to adjust thermostat.
- 5) Press time key (8) and rotate dial to adjust timer.
- 6) Oven doors **MUST** be closed for the oven to operate.
- 7) Press start/stop key (7) to cancel timer.
- 8) When done cooking, selector switch can be moved to the COOL DOWN (left) position to operate fan with doors open.
